Why a piece of paper may be the most important part in every Pro Series kit.

CRP Automotive is proud to announce that every Pro Series ContiTech Timing Kit we offer now comes with a Mileage Guarantee Certificate enclosed right in the box. The guarantee matches the manufacturer's service interval — up to 100,000 miles!*

This Certificate allows your customers to provide a tangible representation of the Pro Series kit's quality to end users — whether they be service technicians, shop owners, jobber stores and even vehicle owners. The program allows your customers to differentiate

themselves from their competition by offering the first consumer-friendly timing belt Mileage Guarantee Certificate in the industry. Each certificate comes with instructions on how to deliver it to the vehicle owner.

All claims for this program will be handled directly by CRP Industries on a case-by-case basis.

If you have any questions about the Pro Series Mileage Guarantee Certificate program or any other ContiTech products, please contact your CRP Automotive representative.

* Replacement guarantee equal to the original vehicle manufacturer's recommended replacement interval up to 100,000 miles. Amount of mileage coverage varies by vehicle make, model, and year.
